***Kalyra’s client-led model** - you or your representative directs what services you receive & when they are delivered as agreed.*

***Hours of service** - Coordinators assist those on package levels 1-3 to access a higher level should their needs increase. If your package doesn’t cover what you require extra services can be bought through us at the hourly rate (see ‘Price for Common Services’ below).*

***Our staff** - are carefully selected, ensuring their values are congruent with ours, thoroughly screened, reference checked & have satisfactory current police checks. ## Care Management

Care management is an important service that includes coordinating care and services that will help you deliver on the goals you identified in your Care Plan. Every Home Care Package, including those being self-managed will require some level of care management.

### Approach to care management

*Kalyra's Coordinator capacity ensures you have easy access and quick responses to your requests. The relationship between the Coordinator & you, your support people if appropriate, is pivotal to successfully staying at home, living as independently as possible in your personal routines, and achieving your goals.*

*Your Coordinator will constantly monitor your situation to the extent required or requested and will perform annual and 'triggered' reviews. 'Triggered' refers to assessments that are required if there is a significant change or event in your situation e.g. following a fall or hospital admission.*

*Your Coordinator is your central point of access to all care, with 3 options of involvement:*

- 1) Fully managed by us, unlimited access,*
- 2) Partially managed by us with limited access,*
- 3) Self-managed by you with most contact apart from the annual review paid for through your package as you require it.*

*Hours of Coordinator use will fluctuate as per your needs.*
