

VISITING KALYRA RESIDENTIAL AGED CARE

--- what you need to know ---

Before you visit

- Mandatory Flu Shot 2020: Kalyra's online register

From 1 May 2020, it will be mandatory for everyone to have had an annual flu vaccination to enter an Australian aged care facility. You will not be permitted entry to Kalyra residential aged care sites unless you can provide evidence of your flu shot. If you haven't done so already, please visit our [online flu register](#)—it only takes a minute to complete but it will help us keep influenza at the door too this year.

When you arrive

- Please present to the reception desk to show your email confirmation of your flu vaccine
- Wash your hands thoroughly using the sanitiser/wash basin
- Have your temperature checked by a Kalyra staff member
- Complete the health declaration
- Wear a visitor sticker for the duration of your visit

Once you have completed these steps, you are welcome to visit your loved one **IN THEIR ROOM ONLY** and according to the guidelines below.

Visiting guidelines

- Visitation is only during the pre-booked timeslot
- Visits will be of no more than 30 mins and I am responsible for monitoring the time
- Proceed directly to the resident's room and not pause in any common areas and not interact with any other residents
- Maintain at least 1.5 m distance (social distancing) of others at all times

Thank you

Thank you for helping us keep our residents and staff safe from COVID-19. This gradual reopening of our doors is an important step forward from coronavirus hibernation and our residents and staff are delighted to welcome you once again.

If you have any questions, please talk to our wonderful reception staff or shift leader.
